---

Hi Sean,

It sounds like we have some good options for our next meeting time. Would you like us to contact the folks at Siltronic to check on their availability before we finalize a date?

Bob

Carl,

I could do a meeting on 8/5 in Seattle (usual 10-1 would work, but I'm flexible) or on 8/6 in pdx (anytime between noon and 4 to allow for morning train delays). I also have time the week of 8/18 if those don't work.

S

RE: Gasco Sediments Scope of Work  
Meeting

Sean - At our last meeting we discussed having the next meeting on Gasco sediments in the first half of August. We are available on the 5th or 6th, with some time limitations. The next available times, due to some vacation schedules, is in the week of August 18th. Do you have a preference? If your preference is the 5th or 6th, do you have some specific time slots that work for you? We will try to accommodate accordingly. Thanks.

Carl
